CYCLOTECH LIMITED

ENVIRONMENTAL AND WASTE MANAGEMENT POLICY

Introduction

The Company recognises that it has a responsibility to provide a safe and healthy working environment and acknowledges that this includes ensuring that its activities do not have an adverse effect on the local and general environment. The Company will endeavour to control such adverse effects on the environment and to comply with the legal requirements and duty of care imposed by the Environmental Protection Act 1990.

1. Definitions

The following rules and procedures will be applied in relation to this area, the Company will control and reduce the amount of packaging used within its business activities, the Company will implement measures to minimise the amount of waste materials arising from its business activities, the Company will implement measures to minimise the amount of paper and similar products used within its business activities, the Company will control emissions to the atmosphere to the levels set by legal requirements, the Company will control liquid discharge to within limits set by the Environment Agency, the Company will implement measures to prevent the escape of waste from its business activities, the Company will ensure that waste is only transferred to an authorised contractor and provide a written description of the waste, maintaining records for the minimum prescribed period of two years, The Company will ensure that all appointed waste contractors are authorised in respect of the different categories of waste.
